Forecast For East of England
Issued by Met Office Exeter
at 0400 on Thursday 07 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Widespread frost at first. Some sunny spells developing later.

Today:
A few remaining wintry showers in Norfolk and Suffolk, slowly dying away during the morning. Dry, largely sunny elsewhere but cold, with a few freezing fog patches slowly lifting, particularly in western parts. Maximum temperature 3 deg C (37 deg F).

Tonight:
A few freezing fog patches in western parts developing during the evening, ahead of a weak band of rain, sleet and snow slowly edging south. Turning icy in places. Minimum temperature -4 deg C (25 deg F).

Friday:
Perhaps sunny in the south at first but becoming generally cloudy, with a few wintry showers in Norfolk during the afternoon and evening. Turning icy in places. Maximum temperature 4 deg C (39 deg F).

Outlook for Saturday to Monday:
Widespread frost and freezing fog patches on Saturday and Sunday, slow to clear in places. Dry and sunny otherwise. Breezy, mostly cloudy on Monday, but less cold.
